SANUS Component Series Racks

FULLY CUSTOMIZABLE AV RACKS SHIP COMPLETELY ASSEMBLED AND READY TO ROCK.

PACKED TO PERFORM

Product packaging has been perfected to keep our racks protected so that they're in perfect condition and ready to perform upon delivery.

- Expertly pallet banded for sound shipping
- 3-piece protective corrugate wrapping prevents damage
- Rigid inner base pallet supports entire rack during transport so casters and feet can be safely pre-assembled
- Sleeve design of box makes it easy to open and repack

ENGINEERED FOR GREATNESS

Our racks put your installation and organization concerns at ease.

- Single vent cutouts on top and bottom is easier than ever to remove
- Increased hole patterns on top, bottom and back panels make for easy installation of 1U, 2U and 3U devices
- Rearranged shelves and blanking panels create a sleek, completed look

SANUS

Component Series Racks
FOR ALL YOUR AV GEAR / FULLY CUSTOMIZABLE

The Component Series AV racks were designed with high performance and structural integrity in mind. Heavy-gauge welded steel construction, swivel casters and height-adjustable feet ensure perfect leveling and stabilization on any surface. These solid racks come preassembled with shelves and blanking panels for the ultimate in convenience.

| MODEL **CFR2136** | 36U Component Rack | 70.5" Tall AV Rack |

Strong and sturdy construction with heavy-gauge welded steel

Customizable rack includes top and bottom cable slots with covers, front and rear adjustable depth threaded rack rails, and multiple 3U removable panels

Removable, quick-release side and back panels allow for easy access to components

Rack comes preassembled with shelves and blanking panels to simplify ordering and installation

Lockable, tempered glass front door can be placed on left or right of rack for added flexibility during installation

Convection cooling system allows warm air to escape through top as cooler air is drawn in through bottom of rack, keeping AV gear at the proper temperature

DIMENSIONS (w x d x h) WITH CASTERS
23.62" x 23.62" x 70.5"
60 x 60 x 179.07 cm

DIMENSIONS (w x d x h) WITHOUT CASTERS

SANUS

Component Series Stackable Skeleton Racks

WALL MOUNTED OPTION / OPEN DESIGN

The Component Series Stackable Skeleton Racks were designed with high performance and structural integrity in mind. The open design of these racks provides versatility for a variety of height combinations and mounting solutions with no loss of RU space when stacked. The racks include screws, removable shelves and blanking panels for easy assembly in just 15 minutes.

MODEL CFR1620 | 20U Stackable Skeleton Rack | 35" Tall AV Rack

Modular, stackable structures can be coupled into five different height combinations: 40U, 35U, 30U, 20U, and 15U

Entire structure, complete with extra screws, levelling feet, removable shelves, blanking panels, wall mounting hardware, stacking kit, shelf straps and equiptment back stops ship in one UPS box

Quick and easy assembly in just 15 minutes

Versatile racks can be mounted directly to wall studs or concrete with included hardware, or can be used freestanding on included leveling feet

Modular rack structures are SANUS EcoSystem™ compatible

DIMENSIONS (w x d x h)
20.40" x 20" x 35"
51.82 x 50.8 x 88.9 cm

SANUS

SANUS EcoSystem™
MULTI-VOLT SYSTEM SAVES SPACE AND TIME

The SANUS EcoSystem™ is a fully customizable accessory that serves as the single power source for all low-voltage equipment in a rack. The multi-volt power supply features regulated 12 Volt DC and regulated 5 Volt DC power ports. Switches on the front control master power, as well as front and back lighting ports. A thermostat probe that controls output ports for cooling fans is included. Along with the available LED lights and fan accessories, use the power cord accessories to connect and power all other compatible low voltage devices and get rid of all those transformers.

SANUS®

Euro Series Racks

MODULAR DESIGN / CUSTOMIZABLE

The Euro Series AV racks create a clean, modern look while featuring a modular design that can easily be expanded to fit any AV system. Wire management clips secure loose cables for an organized appearance, and adjustable casters ensure the units are always stable and aligned, even on uneven surfaces.

MODEL **EFAV40** — AV Base and Shelves

Fully customizable modular design

Solid steel construction provides strength and support

Open design allows airflow to keep components cool

Includes clips to secure loose cables

DIMENSIONS (w x d x h)
40.50" x 20.45" x 22.87"
102.87 x 51.94 x 58.09 cm

TOP SHELF DIMENSIONS (w x d)
40.5" x 20.5"
102.87 x 52.07 cm
